

Intern - Advisory team

Job Description

Czarnikow – March 2022

About Czarnikow

Czarnikow is a global supply chain solutions company with 160 years of experience in commodities, whose purpose is to exert a positive economic and sustainable influence in its food, beverage, and energy supply chains. CZ buys, sells, moves and de-risks commodities through a range of services including trading, financing, analysis, freight, logistics, sustainability and price risk management.

We are an entrepreneurial company, with innovation at the heart of everything we do. We are open to change, as shown through the recent expansion of our product portfolio and move into energy. Our people are our most valued asset and make the business what it is today. We hope that you will join our team.

Why work at Czarnikow

Czarnikow offers the chance to join a dynamic and exciting team of professionals, who are building a company with great potential. In addition, we offer:

- Competitive salary and discretionary bonus structure
- Learning and development opportunities
- A collaborative and collegiate work environment and culture
- A hybrid of remote working and a prestigious office location in the heart of London
- Life, health and dental insurance
- Health and wellbeing initiatives, bike to work scheme, 7-a-side football team and netball team
- Charity fundraising and volunteering opportunities
- Free breakfasts, soup and smoothies, as well as frequent office food events

About the role

Summary

In this role you will join the Advisory team, learning whilst also contributing to the analysis of all aspects of sugar, food ingredients, packaging and bio-energy markets. Your key responsibilities will be around the ethanol and freight markets, where you will gather data, understand market drivers and co-ordinate with other members of the team. In fulfilling your role, you will gain exposure to the world's commodities markets and their drivers, and you will be contributing to the growth of Cz's Advisory business, hosted on our client portal: Czapp.

Tasks & Responsibilities

- Identifying data sources on the EU ethanol and global freight markets.
- Capturing and managing data
- Co-ordinating our global ethanol coverage with our teams in Guangzhou, Sao Paulo and Miami.
- Building analysis models and tools to understand the EU ethanol and freight data you have captured.

- Assisting the Advisory teams with the delivery of Czapp content and projects
- Working with other teams at Czarnikow to ensure we derive maximum benefit from Czapp across the organisation.
- To take responsibility for your performance and to work together to achieve our organizational goals.
- To attend training courses which are identified as being necessary for the performance of the role.
- To be fully conversant with the Employee Handbook and supporting policies, including Health & Safety legislation and fire and emergency procedures.
- To comply with any reasonable instruction issued by your Manager.
- Changes in the business may occasionally require alterations in this job description and these will be agreed with the post holder as appropriate.

About you

We are looking for someone with the following skillset and attributes:

Essential:

- Numerate (some Excel skills as a minimum)
- Good communication skills
- Fluent in English
- Must have an interest in commodities
- Proactive / self motivated
- Good at working in teams
- Ability to work with colleagues in different offices

Desirable:

- Some knowledge of databases (SQL preferred)
