

# Junior Risk Analyst - Intern

## Job Description

**Czarnikow – February 2022**

### About Czarnikow

---

Czarnikow is a global supply chain solutions company with 160 years of experience in commodity trading, whose purpose is to exert a positive economic and sustainable influence in its food, beverage, and energy supply chains. CZ buys, sells, moves and de-risk commodities through a range of services including trade finance, commodities trading, analysis, freight, logistics and price risk management.

We are an entrepreneurial company, with innovation at the heart of everything we do. We are open to change, as shown through the recent expansion of our product portfolio and move into energy. Our people are our most valued asset and make the business what it is today. We hope that you will join our team.

### Why work at Czarnikow

---

Czarnikow offers the chance to join a dynamic and exciting team of professionals, who are building a company with great potential. In addition, we offer:

- A hybrid of remote working and a prestigious office location in the heart of London
- Competitive salary and discretionary bonus structure
- Free breakfasts, soup and smoothies, as well as frequent office food events
- Health and wellbeing initiatives, bike to work scheme, 7-a-side football team and netball team
- Life, health and dental insurance
- Learning and development opportunities
- A collaborative and collegiate work environment and culture
- Charity fundraising and volunteering opportunities

### About the role

---

Summary –

#### Tasks & Responsibilities

- Review expiry of internal credit limits and credit insurance limits in accordance with the Credit Risk Policy and Credit Insurance Policy; producing reports to distribute to trading teams on expiries of the approved trading limit.
- Liaise with global front office teams in order to understand their business and perform risk assessments on counterparty exposure as part of the deal approval and annual review process of trading counterparties.
- Maintain, improve and assist in systemising the company's reporting on ageing receivables.
- Gain exposure to senior management through the preparation of agenda and reports for the Credit Committee. Attend meetings.

- Attend training courses which are identified as being necessary for the performance of the role and professional development. To be fully conversant with the Employee Handbook and supporting policies, including Health & Safety legislation and fire and emergency procedures
- Changes in the business may occasionally require alterations in this job description and these will be agreed with the post holder as appropriate

## About you

---

We are looking for someone with the following skillset and attributes:

### Person Specification

- Ability to work together in the Risk team and in the wider business to achieve our organisational goal
- To be able to display initiative and flexibility in approach to work, be self-motivated and have a confident manner and ambitious outlook.
- To have strong written and verbal communication skills.
- Very good interpersonal skills with the ability to interact and communicate at all levels
- Excellent attention to detail
- Strong interest in commodities (both physical and financial) as well as international trade and shipping
- Flexibility to prioritise tasks
- To have strong IT software skills in excel and word.
